

DISCLAIMER OF LIABILITY, WARRANTY TERMS, AND SOFTWARE PROVISION of BeingRobotic

The following disclaimer, warranty terms, and software provision information are provided to outline the conditions governing the acquisition and use of the electronic component (hereinafter referred to as "the AnalogToCan Controller"):

Limited Liability:

- The AnalogToCan Controller is provided "as is" without any warranties, whether expressed or implied.
- The user acknowledges that the AnalogToCan Controller may have inherent risks, and its use is at the user's sole risk.

Proper Use:

- The user agrees to use the AnalogToCan Controller only for its intended purpose as described in the accompanying documentation.
- The AnalogToCan Controller is not intended for use on road vehicles. It is solely designed for motorsport applications.
- The user must not use the AnalogToCan Controller to control devices that could jeopardize the safety of the user or others.

Assumption of Responsibility:

- The user assumes all responsibility and liability for the consequences of using the AnalogToCan Controller.
- The provider shall not be held responsible for any direct, indirect, incidental, or consequential damages arising from the use or misuse of the AnalogToCan Controller.

Customization:

- If the AnalogToCan Controller requires customization, the user agrees to adhere to the provided guidelines and specifications. Any deviation may result in malfunctions or damage.

Compliance with Laws:

- The user agrees to comply with all applicable laws and regulations, including those in the countries of use, when using the AnalogToCan Controller.

Lifetime Loan for Use:

- The acquisition of the AnalogToCan Controller is considered a "comodato d'uso a vita" (lifetime loan for use) and is not to be construed as the purchase of a physical object.
- The payment is for specific hardware and software consultation services; therefore, the user is not entitled to a standard 2-year warranty.

Limited Replacement Warranty:

- In the event of issues not attributable to improper use of the AnalogToCan Controller, the user is entitled to receive up to two replacement products. This warranty is limited to the specific hardware and software functionality as originally provided.

Technical Support:

- The user is entitled to up to 2 hours of technical support provided directly by the engineers who designed the AnalogToCan Controller. These engineers possess extensive experience in the field of motorsport.

Software Provision:

- The AnalogToCan Controller will be supplied with the accompanying software for analog-to-digital conversion.
- The provided software is tailored for seamless integration with the AnalogToCan Controller's functionalities.
- Users may request additional software, beyond the initially supplied, by coordinating directly with the manufacturer. Any additional software requests will be subject to agreement terms with the manufacturer.

By acquiring and using the AnalogToCan Controller, the user acknowledges that they have read, understood, and agreed to the terms and conditions outlined in this combined disclaimer, warranty statement, and software provision information. The user further agrees to subscribe to the disclaimer during the purchase process.

In witness whereof, BeingRobotic and its owner.
